LEGHORN, MARCH 11.

ACCORDING to the laſt advices from Corſica, Paoli has a body of troops in readineſs to embark for Capraja, in caſe Pinelli, the Genoeſe commander, ſhall be able to effect a landing of the reinforcement ſent out by the Republic.

No accident or diſorder has happened among the ſhipping at anchor in this port, ſince the new guard has been eſtabliſhed.

Genoa, March 14. A new galley and two pinks are fitting out here, by the Government's orders, for tranſporting to Corſica ſome freſh troops, ammunition, and proviſion, in order to enable M. Pinelli to block up the iſland of Capraja, and oblige the Malecontents to raiſe the ſiege.

Hamburgh, March 31. After ſeveral deliberations, the Poliſh Diſſidents have entered into an aſſociation at the city of Thorn, and choſen Lieutenant General Goltz their Marſhal. They have alſo ſigned and printed a manifeſto, in which they declare the motives which engaged them to take this ſtep, and have prevailed on the magiſtrates of the place to concur with them. The Regencies of Elbing and Dantzic have acceded likewiſe.

Vienna, March 21. Veſſels are daily going from hence, laden with neceſſaries for the troops, who are to compoſe camps to be formed the enſuing ſeaſon in Hungary.

Vienna, March 25. Prince Gallitzin, the Ruſſian Envoy Extraordinary, has preſented to our court a memorial concerning the Diſſidents in Poland.

Leghorn, March 21. They write from Corſica, that the fortreſs of Caprea ſurrendered to the Malecontents on the 15th, and that the garriſon were made priſoners of war.

Civita Vecchia, March 17. According to the laſt advices, three hundred Corſicans had entrenched themſelves, on the 2d of this month, under the town of Bonifacio, and were to be re-enforced to the number of 4000 men.

Cracow, March 26. A part of the Ruſſian troops, which, during the laſt interregnum cantoned in the environs of Warſaw, has put itſelf in motion, and is marching towards Sochaczew, under the command of General Solikow.

Dantzick, March 26. On the 23d and 24th of this month, there were great Debates among the members of the great council. The matter was to know whether this city ſhould accede to the confederacy formed at Thorn on the 20th by the Diſſidents of Great and Little Poland. After much debating, it was reſolved in the ſecond deliberation, that this acceſſion ſhould take place only on certain conditions. The council proceeded in this manner, in order to avoid drawing upon themſelves the reſentment of the court of Warſaw.

The arrival of the Ruſſian troops in Poland, preſages, if not a rupture between the two ſtates, at leaſt ſome troubles; the fear of which has engaged many proprietors of lands to ſend hither a vaſt quantity of grain, in order to get it ſold.

Berlin, March 21. All the officers and ſoldiers of the different regiments have received orders from the King to join their reſpective corps without delay.

Berlin, March 28. The King has appointed Lieutenant General Werner, Great Bailiff of Neugarten in Pomerania, and has granted him a penſion.

Dantzick, April 3. Letters from ſeveral parts of Poland continue to repreſent the tranquility of that country as on the point of being interrupted, unleſs the King makes haſte to convoke an extraordinary Diet. There are at preſent in that kingdom ſeveral bodies of Ruſſian troops, the number of which in all amounts to about 30,000 men. Every body knows the motive which has engaged the Empreſs of Ruſſia to ſend them thither; a motive which her miniſters at foreign courts have orders alſo to lay before them, both by word of mouth and writing.

Paris, April 3. Nicholas Dufrencis, a notary, at Berrieux, in the dioceſe of Laon, died on the 15th ult. aged one hundred and one. He married at 75, and had ſix children; and never had any illneſs.

LONDON, APRIL 11.

THE Right Hon. the Earl of Chatham was yeſterday ſo much better, as to be able to take an airing near his houſe at North End.

An almoſt total change in the Miniſtry, it is ſaid, will certainly take place in a few days; and it is aſſerted, with the greateſt confidence, that the Hon. George Grenville will have a very conſiderable poſt in the new adminiſtration.

It is ſtill ſaid that ſome conſiderable alterations in the Miniſtry are in agitation, and that Lord Halifax's return to a ſhare in the Government is as good as concluded upon.

A paper, which was only handed about amongſt the Great, doth now come up printed in moſt of the journals from different countries, which cauſeth much ſpeculation; It is called the Ghoſt of Sir John Barnard.

It is currently reported now, that the Government will not approve of the propoſals of a certain great company; and it is ſaid there have been ſome overtures made within theſe few days by ſome men of great opulence in the city for laying a trade open, which are likely to meet with a favourable reception.

It is therefore imagined that the trade of *Nabob-making* will ſoon be at an end; and many who were in expectation of being ſpeedily worth *Plumbs*, will be glad to return behind their counters.

Others imagine that the Eaſt-India Company's trade will be confined to the territories they were in poſſeſſion of at the time of the granting their charters; and that to all the territories added ſince, all merchants will be admitted for open trade.

'Tis ſaid great jealouſies and parties prevail at the court of Manheim, owing to the particular favour ſhewn to all the Engliſh by the preſent Elector Palatine.

On Thurſday ſeveral merchants in the Portugal trade attended the Lords Commiſſioners of the Treaſury, on affairs of importance.

According to the fourth paragraph of the edict lately publiſhed at Stockholm, for enlarging the liberty of the preſs, the printer of every book is directed to print the Author's name on the title page, and the Author alone, and not the publiſher, is, in that caſe, to be anſwerable for any exceptionable paſſages; but if this precaution is neglected, the printer is then to be conſidered as the author; except, when the author, for particular reaſons, deſires to remain unknown, and gives his name in writing, to the printer, to be produced, if called for by authority.

According to letters from Paris, the court had ſent orders for a great number of galley ſlaves to be embarked at Breſt and Rochfort, for the French iſland of Hiſpaniola, in the Weſt-Indies, where ſuch as behave well, after ſeven years ſervitude, are to have their liberty, with a portion of land allotted them to raiſe plantations.

This week ſome workmen were engaged for New-York, to be employed in the eſtabliſhment of a plate glaſs manufactory in that city.

They write from Jerſey, that the French have this ſeaſon, fitted out ſo many veſſels for the Newfoundland cod fiſhery, as will employ between 15 and 16,000 ſeamen.

A return is making of the married women and children in each regiment in his Majeſty's ſervice, both horſe and foot, in order for aſcertaining the fund intended for their ſupport, in caſe of their huſband's dying in the ſervice. It is ſaid they will be allowed 1s. 6d. each weekly, till they are of ſuch an age. This no doubt will be a great encouragement to population.

His Majeſty has been pleaſed to appoint Richard Byron, Eſq; to be Captain in the Coldſtream Regiment of foot guards, in the room of Capt. Thornton, preferred.

APRIL 14. It is aſſerted that a continuation of Lotteries has been propoſed as the moſt eaſy and rational method for raiſing ſupplies to pay off the intereſt, and reduce the national debt, in conſequence of which ſome new ſchemes are ſaid to be already propoſed.

By a letter from Genoa, advice has been received in France, that a body of their troops in Corſica, to the amount of about 600, had revolted, and joined the grand army of the Corſicans with ſome artillery and warlike ſtores.

Since the breaking of the froſt the river Viſtula has overflowed its banks, and laid a conſiderable tract of land under water.

Commiſſions are received from New-York and Boſton to engage a ſet of compleat artificers in the paper ſtaining manufactory to go over on good encouragement; alſo ſeveral blanket weavers to be engaged for New-Hampſhire and Maſſachuſetts-Bay.

APRIL 15. His Majeſty goes to the Houſe of Peers this day, in order to give the royal aſſent to ſuch bills as are ready; after which both houſes will adjourn for the hollidays.

Monday was held a great council at St. James's, at which the Earl of Chatham aſſiſted.

It is whiſpered that a great trading community have, within theſe few days, offered three millions ſterling for the renewal of their charter, which has been rejected.

According to the liſt of changes, during the preſent reign, juſt publiſhed, which ſeems to be pretty accurate, it appears that there have been no leſs than

His Serene Highneſs the Prince of Brunſwick was exactly one year and two days on his travels: He ſet out from England April 11, 1766, and landed at Dover April 13, 1767.

A copy of the articles propoſed by Paſchal de Paoli and the aſſembly of the States of Corſica for an accommodation with the Genoeſe has juſt been tranſmitted hither by his Majeſty's Conſul at Leghorn.

The laſt Letters from Barbados mention, that the French were ſtrongly fortifying the Town and Harbour of Porteau-Prince, in the Iſland of Hiſpaniola.

It is currently reported in the City, that our Affairs at the Court of Portugal are on the mending Hand, the laſt Diſpatches from Liſbon having been very agreeable.

We hear, a capital Houſe in the City has, this Week, received a very large Sum, in good foreign Bills of Exchange, intended for the Purchaſe of military and naval Stores, Shipping, &c. for the Service of a ruling State in the Mediterranean.

It is thought at Vienna, that the Cavalry belonging to the Army of the Empire will be remounted by the firſt of May. The Duke of Parma has appointed twelve Commiſſaries, who are to be called Ediles, and are to have the Inſpection of all the Buildings at Parma, as well publick as private; to overſee thoſe which are to be rebuilt, and to provide for the Security and Eſtabliſhment of that City.

Admiral Palliſer is ſaid to have received ſtrict Orders, which are to be communicated to all the Captains and Officers under his Command, to ſuffer neither French Men of War nor Merchantmen, to proceed to the Weſtward of Anticoſta Iſland, in the Gulf of St. Lawrence, or within fifteen Leagues of the Iſle of Cape Breton, otherwiſe they are to be ſeized, and condemned as legal Prizes.

There is now living in London the moſt extraordinary Perſon to be met with perhaps in this Age or Nation. A poor man brought up to a mean Employment, with a large Family of Children, hath by the mere Dint of Induſtry attained to a conſiderable Degree of Knowledge in the learned Languages, and almoſt every Part of Literature. He has read almoſt every uſeful Author in Engliſh; and ſo great is his Knowledge in Hiſtory, that, from his own Memory alone, he can repeat the moſt material Facts in the Hiſtories of moſt European Nations, and is equally converſant in Antient Hiſtory; as alſo with the whole Frame and Conſtitution of the Feudal Laws.

APRIL 17. Wedneſday an extraordinary Meſſenger arrived at St. James's, from his Excellency Sir Andrew Mitchell, Ambaſſador at the Court of Berlin.

The Right Honourable Lord Clive is expected in England by the begining of July next.

Wedneſday a Right Honourable Perſon laid the State of the Public before an auguſt Aſſembly in ſuch a Manner as gained him great Applauſe; and 'tis ſaid mention was made of a Scheme that would ſoon be laid before them, which it was hoped would anſwer many ſalutary purpoſes.

It is ſaid, that the Conſideration of the Affairs of a great Company, is poſtponed 'till the firſt of May next.

We are informed that great Alterations will ſpeedily take place in the ſeveral Departments of Importance at the Cuſtom-Houſe.

We hear ſeveral Petitions, have lately been preſented to the Boards of Treaſury and Plantations, for opening a Trade to the Iſland of Corſica.

Private Letters received over Land from the Eaſt-Indies inform that the Dutch have lately eſtabliſhed a new Settlement and Factory on the Iſland of Borneo, in the Aſiatic Ocean.

Defence with very ſtrong Booms and Chains, in order to prevent the Approach of an Enemy. It is added, that Paoli's Fleet actually conſiſts of ſeventy Sail of armed Veſſels, two thirds of which were purchaſed from other European Powers.

The Report of the Count de Gurchey, Ambaſſador from the Court of France, being recalled, and ſoon to return Home, we are informed is without Foundation.

The ſame Day the Earls Temple and Shelburne ſet out for their reſpective Country Seats.

Yeſterday Morning died, at her houſe in Bruton-Street, the Right Hon. Jane Dutcheſs Dowager of Argyll, Relict of John the ſecond Duke of Argyll. Her Grace's Maiden Name was Warburton. She was one of the Maids of Honour to Queen Anne, as alſo to Queen Caroline when Princeſs of Wales. Her Grace had iſſue five Daughters, *viz.* Lady Caroline, married firſt to Francis Earl of Delkeith, and ſecondly to the Right Hon. Charles Townſhend, the preſent Chancellor of the Exchequer; Lady Anne, married to William Earl of Stafford; Lady Jane, who died in her 20th Year; Lady Betty, married to the Right Hon. James Stewart Mackenzie, Brother to the Earl of Bute; Lady Mary, married to Edward Viſcount Coke, heir apparent of Thomas Earl of Leiceſter, and to his Mother Margaret Baroneſs Clifford, who left her a Widow without Iſſue.

Mr. Boſwell, who on his Return from Corſica ſome Time ago was driven by Streſs of Weather into the Iſland Capraja, lately belonging to the Genoeſe, but which ſurrendered to the Corſicans the 15th ult. gives the following account of Capraja: "It is ſix Miles in Length, and between two or three in Breadth, exceedingly rockey, but very fertile in Vines. It has a very good Port, where Numbers of Veſſels paſſing the Mediterranean are obliged to put in. The Number of Inhabitants is about 3000. The Men all uſe the Sea, and are reckoned the hardieſt Sailors in that Part of the World. It will be of conſiderable Advantage to the Corſicans if they can keep it."

Some letters from Genoa ſay, that there has been almoſt a total Revolt of the Subjects of the Republic in the Iſland of Corſica, where ſeveral ſtrong holds had been voluntarily delivered up to the Malecontents.

The King of Pruſſia has juſt iſſued a freſh declaration in favour of the Diſſidents of Poland, ſignifying his approbation of the confederacy formed by them, and of the powerful protection granted them for that purpoſe by the Empreſs of Ruſſia, with whom he has hitherto acted, and ſhall continue to act, in concert in every thing relating to the affairs of Poland; but, "in order to prevent the fatal conſequences which muſt "reſult from a long continuance of the troubles in Poland, "and a denial of ſatisfaction to the Diſſidents, his Pruſſian "Majeſty adviſes the illuſtrious Poliſh nation to aſſemble in a "Dyet extraordinary, to accompliſh a general pacification "between all its members; and flatters himſelf that this "council will be regarded as a freſh proof of his invariable "friendſhip for the republic of Poland, and of the ſincere "intereſt which he takes in its welfare."

Letters from Warſaw aſſure, that the Biſhops of that kingdom are aſſembled to draw up a memorial, in anſwer to that publiſhed by the Empreſs of Ruſſia, in favour of the Diſſidents.

A correſpondent at Warſaw writes thus; "The Proteſtants, after having ineffectually tried all the ways of repreſentation, have at length taken the reſolution to join in confederacy. They have at their head ſome very illuſtrious Generals; and will be ſupported by a reſpectable army in caſe of neceſſity; but it is hoped that their antagoniſts will not make a religious affair of what is merely a matter of ſtate. There is no deſign to ſtrike at the Catholic religion, nor to diminiſh the lawful rights of its Clergy; but only to reſtore an aggrieved part of the Poliſh nation to the enjoyment of the privileges which they have always had ſince the reformation, and of which they are unjuſtly deprived. A corps of 15,000 Ruſſians under the command of General Nummers, another of equal force under General Soltikow, and a third of 10,000 troops of the ſame nation, will ſerve to bridle thoſe who might otherwiſe, through their great blindneſs and obſtinacy, be guilty of ſome exceſſes, and contribute to put things in Poland on a ſolid and ſtable footing for the preſervation of the fundamental laws of the republic in general."

In the manifeſto juſt publiſhed by the Diſſidents of Poland, are the following paſſages: "The conſideration of our miſeries ought to have engaged the nation, if not to a compaſſion towards us, at leaſt to a deſire of averting the anger of heaven, which will doubtleſs fall upon a ſtate where injuſtice and oppreſſion take up their abode. But ſince this reflection has not taken place in the hearts of our fellow citizens, and that, on the contrary, we find them oppreſſing us with every kind of violence, it is impoſſible for us to bear it any longer. Our nuncio was ſhamefully expelled the diet, only becauſe he was a Diſſident.——The Sieur Zichler was tried and executed in fourteen hours time, for ſpeaking in favour of the proteſtant religion. Several other innocent perſons loſt their lives at Thorn, and their effects were confiſcated, and their families ruined; among whom were thoſe of Goltz, Mojakowſki, Driembowſki, &c."

KINGSTON, (in Jamaica) April 18.

Wedneſday afternoon arrived at Port-Royal, in 17 days paſſage, an open expreſs-boat, from the Bay of Honduras, with an account that the Spaniards have revolted there; ſeized ſeveral Negroes, the properties of the inhabitants, as alſo murdered ſome of the Baymen.

ST. JOHN's, (in Antigua) April 22.

Yeſterday the Snow Brothers, Thomas Looney, Maſter, from the coaſt of Africa, with 260 ſlaves, by an accident took fire as ſhe was riding at anchor in our harbour, immediately the boats belonging to the ſhipping put off to her aſſiſtance, all the Negroes, except one or two, were ſaved; but the ſhip blew up and afterwards was entirely conſumed.

BOSTON, May 18.

In Captain Smith, who arrived here on Friday laſt from London, came a fine picture of the Right Hon. HENRY SEYMOUR CONWAY, Eſq; which is to be placed in Fanueil-Hall, agreeable to a vote of the town, paſſed in September 1765, as a ſtanding monument of our gratitude to him for his noble and patriotic ſpeeches in parliament in favour of the colonies, their rights and privileges.

Salem, May 15. By Capt. Thomas Lee, who arrived here yeſterday in 39 days from Cadiz, we are informed of the following remarkable event, viz. That about the beginning of April laſt, a few days before he ſailed, the whole fraternity of Jeſuits were, by an order from court, expelled [illegible] city, in the following manner: Parties of Soldiers were [illegible] without any previous notice, placed before the doors of all the houſes, convents, &c. in which any of that society were ſuppoſed to be, in the dead of night, and continued there till the next night, when it was ſaid the city was cleared of them. It is thought they were ſhipped to Italy. The common report at Cadiz was, that all the effects of theſe fathers were confiſcated, and that the abovementioned orders were to be executed throughout the kingdoms of Old and New Spain, the ſame night.

NEW-YORK, May 14.

On Monday laſt, were landed here from on board the ſchooner ——, Capt. Bernard, 45,000 dollars, ſent by Sir Samuel Fludyer, and John Drummond, Eſq; contractors for the payment of the troops in America, to James M'Evers, Eſq; of this city, merchant, whom they have appointed their agent.

PHILADELPHIA, May 25.

Extract of a Letter from London, March 14.

"Nothing material hath happened lately, unleſs that the Land Tax hath been lowered to Three Shillings, which the Oppoſition carried againſt the Miniſtry, contrary to their Expectations. This Meaſure, however, is far from popular; for any Reduction of Taxes, till we have cleared ſome Millions of Debt, which is yet unfunded, or indeed till we have made ſome Progreſs in clearing ſome Part of our enormous Debt in general, is by no Means the Thing. The Miniſtry remain as they were, and ſome ſay the Differences between them and Lord Chatham, are accommodated.—How far this is true, I cannot determine.—Charles Townſhend ſtill keeps his Place, nor have any Changes been made for ſome Time paſt.—Upon the whole, there is no judging, by Appearances, of the Stability of the Miniſtry; they may remain all this Winter as they are, and they may all be turned Topſey-turvey before next Packet.—The Eaſt-India Company's Affair remains alſo ſtill unſettled, but comes ſoon before the Houſe again.—Lord Chatham's long Abſence at Bath, hath much retarded that Affair, and many others too, of almoſt equal Importance."

Extract of a Letter from London, *dated* March 14, 1767.

"The merchants having waited on the miniſtry with a paper expreſſing their ſentiments that a paper currency in America, would be advantageous to both countries; it was referred to the board of Trade for their opinion. The board, it ſeems, are clearly and ſtrongly againſt it; and to convince and convert the merchants to the ſame opinion, have ſent them down an extract of their report in 1764, which was read at their meeting laſt week, and ſeemed to make ſome impreſſion. They deſired Dr. B. F. however, to furniſh them with his ſentiments in writing, that if it ſhould appear practicable, they might defend the opinion they had given. Accordingly on Wedneſday laſt, at another meeting, he gave them ſome remarks upon it; a copy of which I ſend you, together with a copy of the report. Several of the merchants expreſſed their ſatisfaction with the remarks as a full anſwer, but were to conſider them farther among themſelves, and are to meet again on Tueſday next. There is however, ſuch a general clamour at preſent, and ſo much ill humour againſt America, that I doubt very much our ſucceſs in getting the reſtraint taken off, if the merchants here do not make it their own cauſe.

"The miniſtry have been puſhed hard in parliament lately, and it has been thought by many that they muſt fall. Since Lord Chatham's return to town, it is ſaid they are better connected and confirmed."

Extract of a Letter from Barbados, *dated* April 24, 1767.

'About 7 o'Clock this Morning we had the Shock of an Earthquake, which laſted about a Minute, but did no Damage; about Fifteen Minutes after, the Sea on a ſudden fell ſeveral Feet (it being low Water) and left the Ground in the Dock bare, then roſe again ſeveral Feet, ſo that the Water would have come over the Wharf, had not the Tide been out; immediately after, it fell ſo low as to leave the Boats dry on the Ground, and directly the Sea came tumbling in again with great Force, then ruſhed back with the ſame Rapidity, and continued ebbing and flowing in this Manner about Half an Hour. It is imagined, from theſe Appearances, that a dreadful Earthquake has happened in ſome Part of Europe, as the Earthquake at Liſbon occaſioned the ſame Flux and Reflux of Water here, though it was not attended with an Earthquake.'

Extract of another Letter from Barbados, *dated* April 24, 1767.

'About 7 o'Clock this Morning, we had here a ſevere Shock of an Earthquake, which continued a full Minute, but has done no Damage, and ſhortly after ſucceeded by a Flux and Reflux of the Water for about Twenty Minutes and more, and fell ſeveral different Times Eight or Nine Feet perpendicular, but did no Damage, ſave overſetting and filling ſeveral Boats lying at the Wharfs.'

Saturday laſt his Excellency John Wentworth, Eſq; the late appointed Governor of New-Hampſhire, came to Town by Land, from South-Carolina, where he lately arrived from England. He was accompanied from Virginia by the Hon. Francis Foxcraft, Eſq; of this City, and ſeveral other Gentlemen of Diſtinction.

We hear that the French ſettlers at St. Lucia manufactured laſt year 4000 hogſheads of muſcovado ſugar, 3000 hogſheads of molaſſes, and 1100 hogſheads of rum, the latter chiefly exported to Africa, for the purchaſe of ſlaves, where it is ſaid, the French carry on a very conſiderable trade.

From ſeveral parts of the African coaſt, we learn, that trade is very dull, and the price of ſlaves high.

CHARLES-TOWN, JUNE 23.

JOHN STUART, Eſq; Superintendant of Indian Affairs, for the Southern Diſtrict of America, returned here Monday Se'nnight, from the Cherokee Country, where he had been to accommodate Matters between the Traders and the Indian Nations; and ſettled Affairs to the Satisfaction of all Parties.

The Murder of the Packhorſe-Man, lately mentioned, happened at the Town of Hillabies, in the Upper Creek Country; the People of thoſe Towns gave the Superintendant the ſtrongeſt Aſſurances of Satisfaction; the Account of that Murder, which reached the Mortar, when on his Way to Auguſta, to aſſiſt at the Congreſs, occaſioned his returning Home immediately.

The Little Carpenter has ſet aſide his intended Journey to New-York till the enſuing Fall.

Laſt Saturday put in here very leaky, the Schooner Nancy, William Conner, Maſter, from Jamaica for Georgia.

"On Tueſday laſt came on in his Majeſty's High Court of Vice-Admiralty, before the Hon. Egerton Leigh, Eſq; ſole Judge of the ſame, a Cauſe of great Weight and Ex- [illegible] the Schooner Active, and her Cargo, [illegible] don, of Winyaw, Merchant, was the Claimant. The ſeizure of this coaſting Schooner was made on Pretence ſhe had no Regiſter, and Bond not having been given, Cockets and Sufferances taken out from the Cuſtom-H[illegible] agreeable to the Directions of the Act of the 7th and 8th Will. III. and of the Acts of the 3d and 4th and 5th 6th of his preſent Majeſty's Reign, when the Judge hearing many learned Arguments from the Proctors and Advocates on both Sides, and taking due Time to deliberate thereon, was pleaſed to deliver his Opinion, "That notwithſtanding in the ſeveral Acts abovementioned, can be conſtrued to lay any unneceſſary Reſtraints upon the Trade and Correſpondence of His Majeſty's American Subjects, with any Goods or Commodities are carried merely for the Uſe or Suſtenance of the ſaid Colonies; or, in other Words, *when ſuch Goods are carried only from one Part or Place to another Port or Place in the ſame Colony.*" And, for as much as it did appear that the Veſſel in Queſtion had been conſtantly employed within this Province, without putting out to Sea, further than her Burthen, or the Coaſt rendered neceſſary, for the Safety of her Navigation to and from the Port, and there was not the leaſt Shadow of Pretence that the ſaid Veſſel had been at any Time employed in an illicit Trade, or that any Fraud had been committed or intended, whereby His Majeſty's Revenue could be diminiſhed or affected, or the fair Trader underminded or prejudiced, contrary to any of the wiſe Proviſions of any Revenue Laws, or the Laws of the Cuſtoms: His Honour therefore was pleaſed to *diſmiſs the Information*, and to order *Reſtitution of the Veſſel and Cargo to the Claimant*, and decreed the Claimants to have all Coſts, except ſuch as accrued to the Proſecutor on that Part of the Proceedings, the Judge being of Opinion, that all Circumſtances conſidered, there was a *probable Cauſe of Seizure*, and the moſt material Part of the Expences attending the Proſecution was occaſioned by the Claimant himſelf.

"At every Sitting of the Court during the Continuance of this Cauſe, which was long and highly conteſted, the Court-Houſe was conſtantly crowded; the Judge's final Sentence and Decree was received with general Satisfaction; it being from thence apparent, that no Veſſel whatever, when employed in carrying Goods from one Part of the Province to another, are obliged to take out Sufferances, Cockets, or Clearances, at the Cuſtom-Houſe, nor have Veſſels employed ſolely in that Trade, or, that never go to another Colony, any occaſion for a Regiſter, they being particularly excepted in the 7th and 8th of Will. III."

The ſame Afternoon we had a violent Storm of Thunder and Lightening, which killed a Negro, ſtruck ſome Houſes, and did other Damage.——In the ſame Storm, the Sloop Duke of Lancaſter, Captain David Lamb, from St. Chriſtophers for this Port, then off George-Town Bar, was ſtruck with Lightening, which ſhivered the Top-maſt, and killed the Captain's Son, a promiſing Youth in his eighteenth Year. Two of the Sailors were likewiſe ſtruck, and lay ſenſeleſs for about twelve Hours, at the Expiration of which Period, to the Admiration of every Body, they recovered, and have continued well ever ſince.

Some perſons having aſſerted that it is impoſſible to teach writing in ſix weeks, at one hour per day, he will not only engage to perform the ſame, but hath in this Province made a greater proficiency, having taught a child, who could neither read nor write, to write a letter to her father in nine weeks time; this he can prove by gentlemen of veracity in town. As he will make it his chief ſtudy to compleat youth in what he profeſſes in the ſhorteſt time, he hopes to merit the favour of the public, and give general ſatisfaction to his employers.——Mrs. ADAMS will make childrens gowns, ſlips, &c. and teach them to ſew and mark; ſhe will alſo clear-ſtarch.
